## **FLOWER HONOUR REQUIREMENTS**

Level 2 Year 1928 General Conference

1. Draw or photograph 35 kinds of flowers and identify them correctly.
2. Draw and properly label, or point out the actual parts of a flower: pistil, stamen, petal, sepal.
3. Name six flower families and their distinguishing characteristics. Name at least two flowers in each family.
4. Describe the life history of a particular flower, including the part played by insects or wind in pollination.
5. Name at least two plants that are poisonous to touch and state which, if any, are found in your locality.
6. Do three of the following:
  - a) Arrange, draw or photograph a series of at least six flowers showing in order the colours of the rainbow: red, orange, yellow, green, blue and violet.
  - b) Submit fresh, pressed or dried flowers which have: five petals, four petals, three petals, no petals.
  - c) Distinguish and name two out of five wild or cultivated flowers by their odour, while blindfolded.
  - d) List flowers that you have observed being visited for food by the following: birds, honeybees, bumblebees, butterflies, moths.
  - e) Watch a flower for at least ten minutes in the sunshine, and at least ten minutes after dusk, and report on insect visitors. State the number and kind of visitors and name of flower.
